5. Presentation and discussion of the impact of the Board of Supervisors' property tax policies and related future issues.

On December 3, 2007 under C-49-08-019-8-00, the Board of Supervisors and the Flood Control District Board of Directors approved the Budgeting for Results Guidelines and Priorities for FY 2008-09 that departments/agencies used to prepare their budgets. The Flood Control District collects property taxes based on the secondary net assessed values of real property. Unlike the primary property tax rate, there is no constitutional limitation on growth for the secondary property tax rate. However, the Flood Control District Board of Directors has chosen to impose growth limitations similar to those imposed on the primary rate in order to minimize the burden on the taxpayers of Maricopa County. As a result, beginning in FY 2006-07 the secondary rate associated with the Flood Control District was capped at 2% annual growth on property taxed in the prior year. The Flood Control District Secondary Tax Rate in FY 2007-08 was at $0.1533/$100 of assessed valuation, and in FY 2008-09 is being determined and fixed at $0.1367/$100 of assessed valuation, a reduction of $0.0166/$100 of assessed valuation, as a result of continuing the cap. The Maricopa County Board of Supervisors adopted the Final Budget on June 19, 2008. (The Maricopa County 2008 Tax Levy Packet is on file in the Clerk of the Board's office) (C-49-09-012-2-00)
